Introducing a Bold New Look

Since 1989, B.A. International has been dedicated to providing dental professionals with equipment built for true clinical performance. Today, we are thrilled to unveil our new, modernized brand identity—a bold new look designed to reflect the premium quality, precision, and advanced technology of our products.

Our look has evolved, but our commitment to your clinical success remains exactly the same. We continue to deliver the robust reliability and precision you need to perform at your best.

As we roll out our new visual identity, here is what you can expect from the new era of B.A. International:

UNWAVERING RELIABILITY

The exact same dependable performance, robust equipment, and high manufacturing standards you have trusted for decades.

MODERN CLINICAL EXCELLENCE

A commitment to advance dentistry through product innovation and clinical expertise.

DEDICATED SUPPORT

Our expert team and world-class repair services remain ready to support your practice's daily operations and long-term growth.

NEW UltiClean 600L

ULTIMATE

Dental Scaler and Air Polisher

- Lightweight, anti-slip design provides a comfortable grip, providing stability and ease of use
- Wired or wireless foot pedal option
- Integrated LED light improves visibility and precision
- LED-lit powder container helps distinguish between powders, streamlining clinical efficiencies
- Saves time with one-touch auto-cleaning (20s and 120s)
- Adaptive interface supports 15 languages, adjustable brightness, and maintenance alerts for optimal performance
- Durable, high-strength titanium alloy offer superior biocompatibility, corrosion, and enhanced wear-resistance
- Dual heating system delivers warm water for both ultrasonic and airstream functions (Ultrasonic scaling temperature: 24°C, 28°C, 32°C, 36°C. Air polishing temperature: 25°C, 30°C, 35°C, 40°C)
- Readily accessible, mobile cart neatly stores external tubing and cables for a clutter-free workspace
- New nozzle design provides a quieter airstream (75.8 dB; 9 dB lower than commonly used settings) for an improved patient experience.

SPECIAL PRICE

£6995

Includes:

- UC600L
- Multi-Directional Cart
- 2 Boxes of Powder
- 1 Free BAC5L Scaler
- 1 Free BAC5P Air Polisher

6 Ultrasonic modes for clinical versatility

The Ulticlean UC600L offers robust performance and a wide range of operating modes to meet various clinical needs.

G Mode

Ultra scaling

For rapid and efficient removal of large calculus, reducing procedure time.

Soft scaling

For gentle removal of stains and soft deposits, minimizing patient discomfort.

P Mode

Perio

For effective biofilm removal, protecting soft tissue and minimizing trauma.

Implant maintenance

Six adjustable levels for precise and safe implant surface cleaning.

E Mode

Endo

Precise ultrasonic power optimizes root canal preparation and enhances treatment success.

Irrigation

Six safety levels ensure effective debris removal while protecting dentin.

UltiClean 500L

ULTIMATE

Dental Scaler and Air Polisher

Modern approach for prevention, cleaning and minimally invasive prophylaxis treatments.

Efficient and comfortable plaque removal

- Dual water supply
- Comfortable treatment for your patients
- Lightweight, three-section air polishing handpiece for easier cleaning
- Automatic identification of scaling mode
- Range of titanium alloy tips and accessories
- Simple and sophisticated – Ease of use, a complete unit that comes with all the tools to allow for many procedures:

Air Polishing + Periodontal Treatment
+ Endodontic Treatment
+ Implant Maintenance
+ Efficient and Comfortable Plaque Removal

LED Curing Light

SPECIAL PRICE

£450 each
RRP: £603

A Curing Light that brings a uniform beam for a better curing effect

- 29 blue and violet LED chips arranged in a mixed and interleaved pattern blends uniformly to help prevent uneven spots and dark areas
- Uniform beam promotes complete photo initiator reaction within the resin, enhancing curing effectiveness
- Focused light output with light angle of only 10.8° delivers improved penetration

Less heat for gentle care

- New pulsed output mode provides LESS heat which ensures the curing depth of $\geq 3\text{mm}$ in just 5 seconds, the temperature is significantly lower compared to the constant output of STD heat.

Light intensity up to 3000mW/cm²

- High light intensity and less light loss bring you sufficient curing depth, which can reduce the curing time and greatly improve the efficiency of resin curing

Wide spectrum Curing Light

- Wavelength range of 385-515nm makes the Ultimate BASE240 Curing light suitable for effective curing of all resins on the market

7 Working modes for clinical versatility

- The Ultimate BASE240 offers robust performance, which is well-controlled and can fully meet various clinical needs
Normal / High / Turbo / Ortho / Soft / Pulse / Check

Optima 10 Curing Light

OPTIMA

Cordless LED Curing Light

- Output of 1200mW/cm2
- Light and compact
- 3 curing modes: Full power / Ramp / Pulse
- Digital display and simple use
